

THE NEW MINI COUNTRYMAN.

ADD STORIES.

Hop in the new MINI Countryman and head out into the world. Adventure is waiting – and closer than you think. Every road marks the start of a new chapter, full of moments you'll cherish forever, in a story that you'll never want to end. Just under 4.3 metres long, this is a versatile Sports Activity Vehicle with ample room for 5 people, luggage and all those memories you pick up on the way. It's ideal for longer journeys, and with optional ALL4 all-wheel drive and the ever-present go-kart feeling, even treks to far-flung destinations will be a breeze.

HELLO NEW HORIZONS.

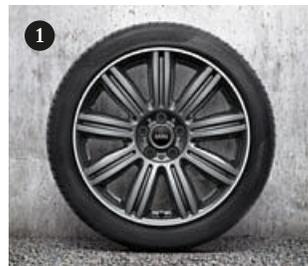

10 light-alloy rim designs, 4 equipment variants and a range of packages provide plenty of options to play with. Whether you're looking for something robust, stylish or dynamic – a choice of petrol, diesel or plug-in hybrid engine types ensures there's a MINI Countryman for every adventure.*

MORE SPACE. ZERO COMPROMISES.

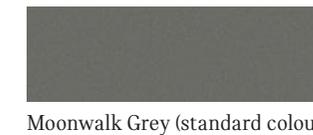

You're not short of options when it comes to loading up the new MINI Countryman: the load-compartment floor folds away, the rear backrests fold down in a 40:20:40 split and the sliding rear seat bench splits in a 40:60 arrangement. You also get handy features like the Easy Opener function, which allows you to open the electric tailgate by waving your foot under the bumper, and a cushioned picnic bench stored beneath the loading shelf.

Luggage area, width x height x depth:
859 x 718 x 813 mm
Through-loading depth with rear seats folded down: 1595 mm

¹ All figures relate to vehicles with the standard 6-speed manual transmission. Figures in square brackets relate to vehicles with 6-speed and 8-speed Steptronic transmission.

² All MINI models comply with the EU6 exhaust emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle (as defined in directive 80/1268/EEC), made up of approximately one third urban and two thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured separately

from fuel consumption. Figures relate to standard-specification vehicles, and may vary significantly where optional equipment (including wider tyres) is fitted. Figures for fuel consumption and CO₂ emissions may vary depending on the wheels and tyres fitted.

³ Assuming car is fuelled to 90% of usable tank capacity, and allowing 68 kilograms for the driver and 7 kilograms for luggage. Figure quoted is for standard-specification vehicles. Optional equipment will increase this figure.

The models, standard and optional equipment and configurations of options in this flyer relate to cars supplied by BMW AG for the German market. The availability of standard and optional equipment, and configurations of options, may vary from country to country within the European Union or in Switzerland for all models. For detailed information about the situation in your country, please contact your authorized MINI dealer. Subject to changes in design and equipment.
